LED Retrofit C7 Bulbs

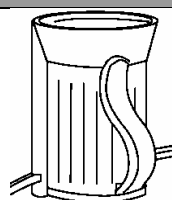

C7 Led Lamp Specifications

Our **NEW** LED C7's are the lighting choice for the future. No more replacing bulbs year after year. Replace your traditional C7 bulbs with our long lasting (50,000 hour), energy efficient (.65watt) LED C7's . Because these bulbs are made of durable plastic, they won't fade, chip or break. Each bulb uses 3 super bright micro LED's which create clear & vivid colors. Traditional C7 bulbs will use 175 watts on 25 bulb set and 700 watts on a 100 bulb set but because these bulbs are so energy efficient a 25 bulb stringer will only use 20 watts/.17 amps 100 bulb stringer will use 80watts/.66amps. These bulbs can truly save you money on your electric bill. When you are looking for amazing brilliance, outstanding value and energy efficiency in your holiday display, our C7 LED's are the products to use.
